## *Superintendent's Message*

Senior Class, Senior Sponsor and entire Students,  
Just two hours and we will be dismissed for Thanksgiving.  
As we enter the Thanksgiving Holidays, I am reminded of  
all the things I have to be thankful for.

I am thankful that I live in America, a land of opportunity. I am thankful for health and for strength. I am thankful for my family and friends. I am thankful for you, the boys and girls of the Forestburg school. Greater privilege hath no man than to have the love and respect of fine young people like you.

We are living in a changing world. The Scientists are now talking of going to the moon. You, the young people, are the ones who must keep the progress of the world moving ahead. I would call your attention to one thing. There are some things that never change. One is honesty. One is dependability. I would suggest that you be honest and the kind of person that can be depended upon.

With love,  
D. E. White, Superintendent

## *Principal's Message*

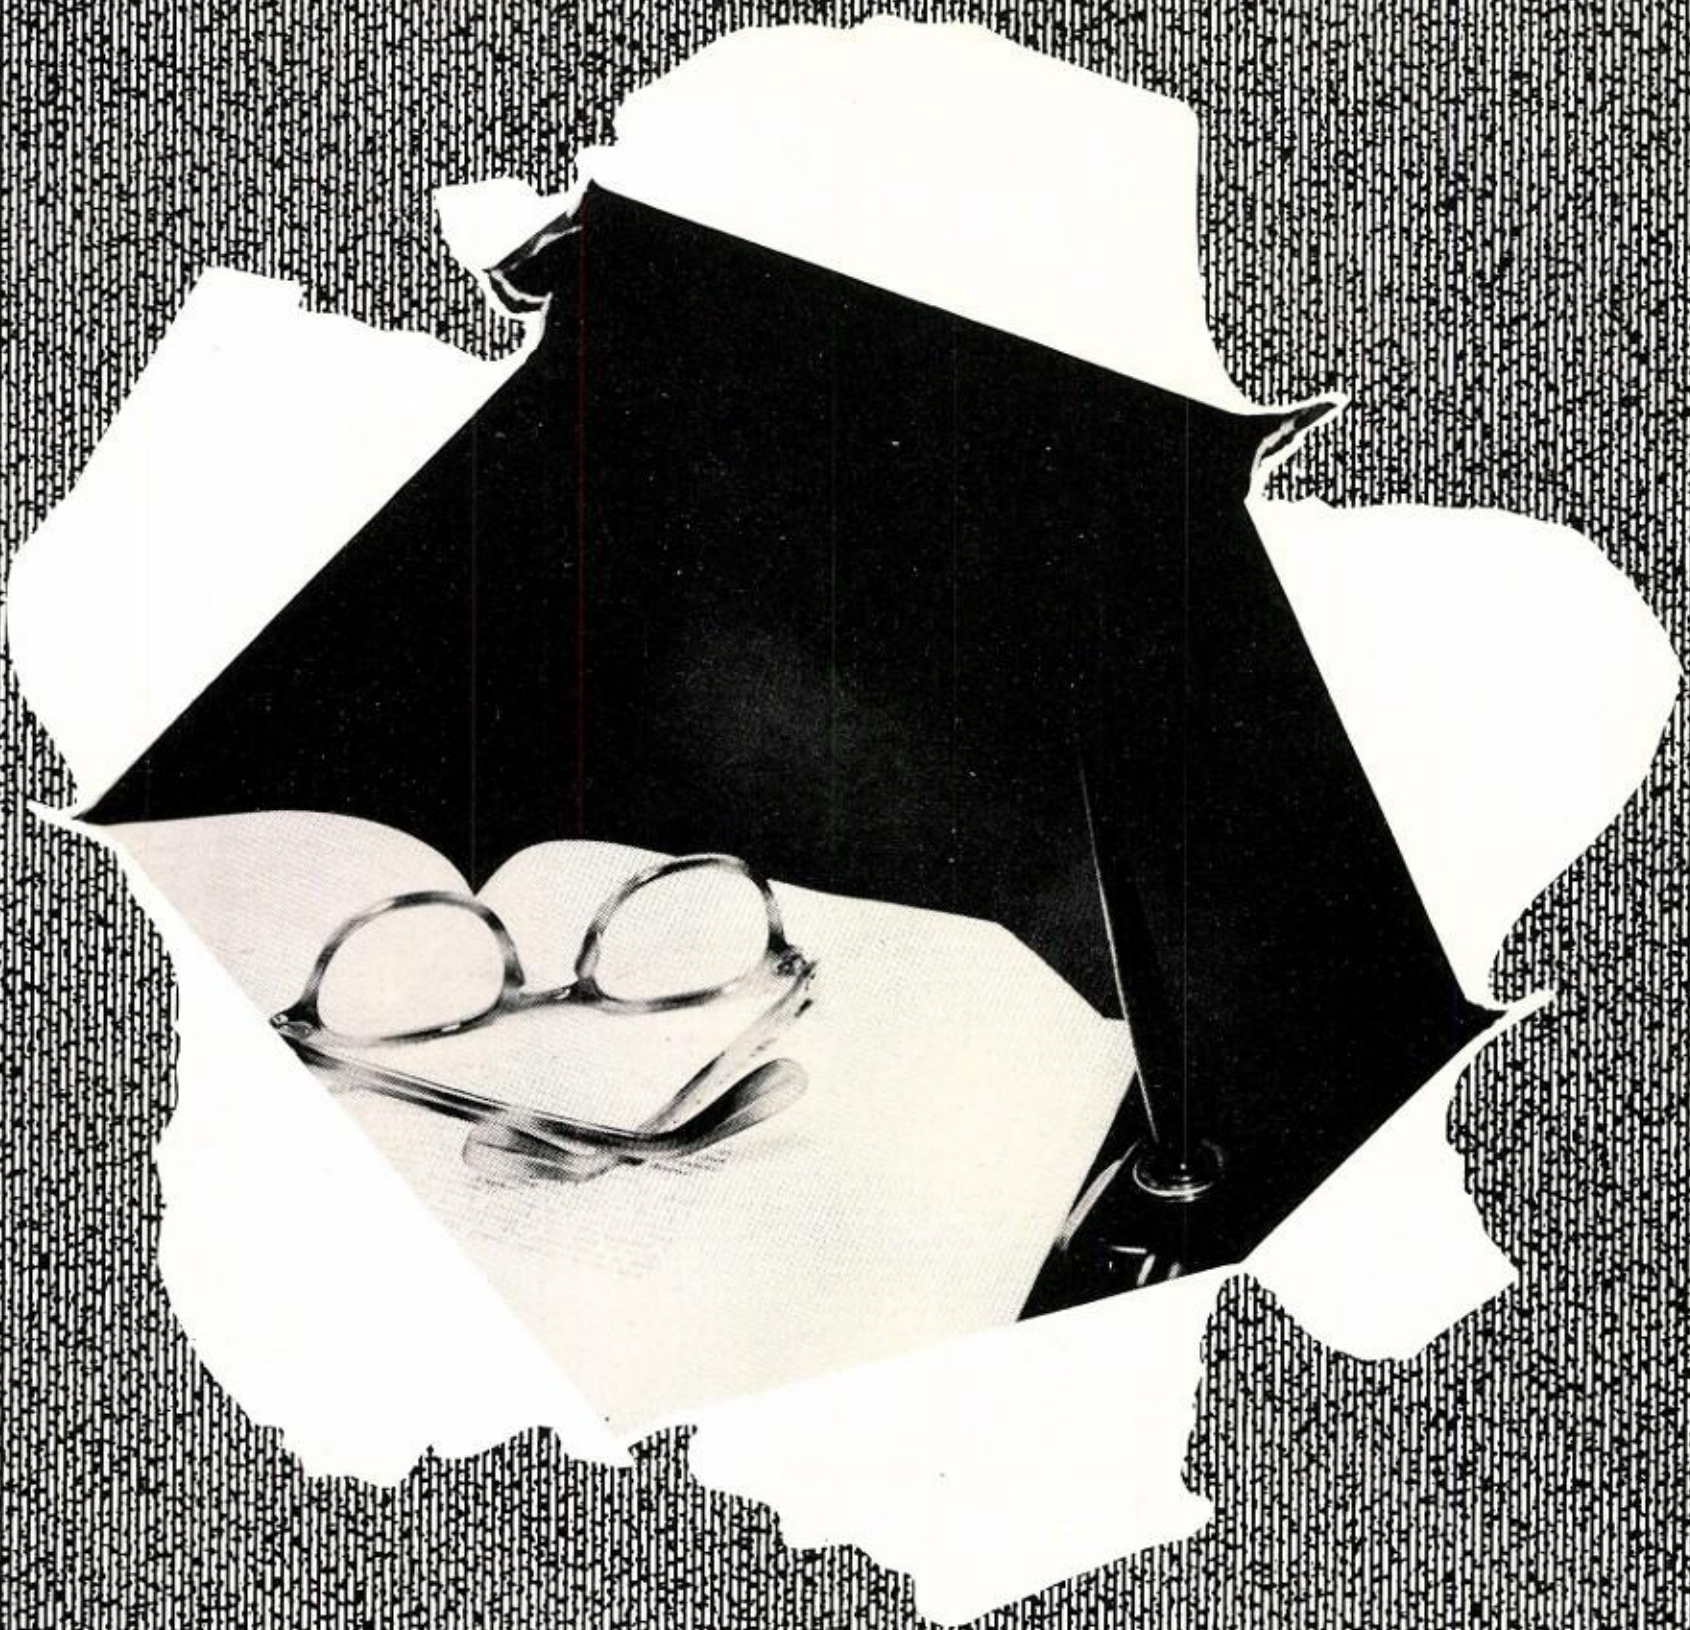

Worthwhile quotations and thoughts include:  
1. A kind deed is never lost. 2. I once complained about not having shoes until I met a man with no feet. 3. Whatsoever a man soweth, that he shall also reap. 4. Know thyself. 5. Truth is a forerunner of honesty. 6. Moderation is a strong virtue. 7. Do unto others as you would have them do unto you. 8. The steam you use to blow the whistle cannot be used for power. 9. Idleness is the devil's workshop. 10. As long as you try to get even with a person, you will never get ahead of him. 11. There is some good in all people. 12. Think before you leap; there may be sharp tacks where you land. 13. When the Great Scorer scores against your name, it's not whether you won or lost, but HOW YOU Played The Game.

Let's try to use them daily as our examples and habits influence many lives.

Sincerely,  
Weldon B. Sills

# *Class Prophecy*

Brenda, as everyone knows married her man, Ross. They are now living in a cute little house behind the store in Tight Wad with their fifteen adorable children.

Sue, after working hard and living highly for sometime, finally settled down to hard work on the boss's knee. She married a nice guy from Bowie. (he's the boss)

Jane and Durwood are now happily married (after a long chase) and are raising beautiful horses and long legged cowboys.

Lovana is still trying to keep up with her catch and is working hard to revolutionize the beauty business with a new hair grower for bald headed women.

Rama Lee is now in business for herself as she always said she would be. She drives a new car, has plenty of pretty new clothes. The sign over her door reads "A-1 Baby Sitting Service" - All ages (21 preferred).

Jimmy Don left us for California where he specializes in yard and lawn decor. He has his own lawn decorated with a number of lovely bathing beauties; it covers a large area of the Pacific Beach.

Willie is now a hot-rod instructor at the Y. W. C. A. and boy does he enjoy his job.

Because Gordy is such a 'ladies' man, he is still running from those who would like to beat up on him. He had to invent a new fuel injector to help keep him in the lead.

James had hoped to play pro-baseball for the Baltimore Orioles, but a cute little Rosston gal nabbed him. So he has decided to raise baseball players instead.

Donald Roe after becoming a successful businessman, has retired to the quaint little cottage his father built to live comfortably with his wife and kids.

Gorden has really made good money. He burned drip gas while in school so he thought it would be much better just to put up a little station of his own. Now all the high school boys burn "drip" instead of Ethel.

Henry couldn't ever find the right girl so he became a bachelor millionaire. His favorite hobby is raising cane.

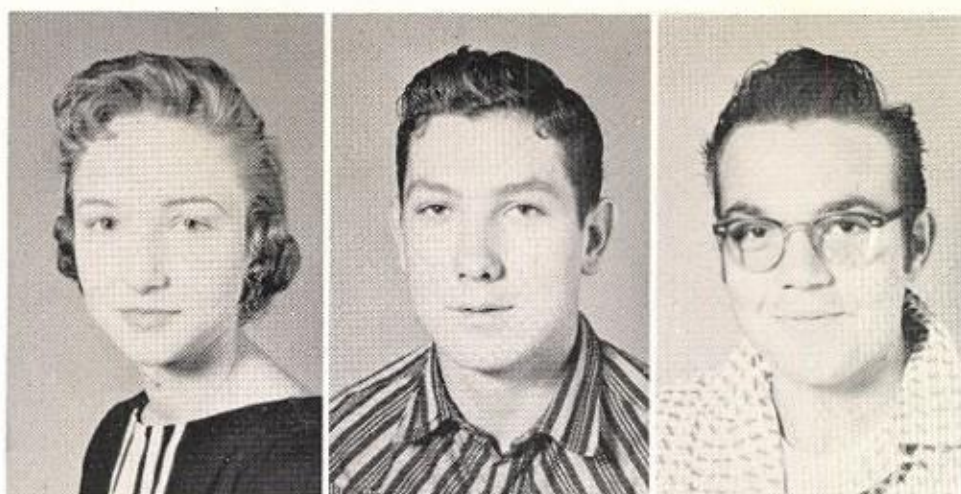

Truman played basketball so well in his school days that he has become coach of the Yale team. He married the Dean's daughter and now has ten football players.
